14. 100% of ALL clinical and field hours and contacts MUST be finished by the published "Early Eligibility" date on the syllabus. Failure to have this finished will result in a counseling session and prohibits the student from taking the National Registry Psychomotor Exam on the class scheduled date.

15. Failure to turn in all student documents by the specified due date could result in suspension from the program until all documentation has been submitted. This includes enrollment, clinical, and hospital orientation documentation.
16. The Capstone Field Internship must be completed within 90 days from the date of the Fisdap final exam.

Failure to comply with ANY of the above could result in dismissal or the receipt of an incomplete status for the Program without refund.

Completion of this program will prepare the student to take the National Registry Exam at the Paramedic level. It is NOT a guarantee of passing the National Registry Computer Based Test (CBT) or National Registry Psychomotor Exam.
